Dear Ms. Labs,

Please consider this correspondence the response of the Iowa Department of Public Safety to your November 1, 2019 open records request.

The requested information contains matters of confidential information pursuant to Iowa Code section 22.7(5). Moreover, there is no exportable database, so the search to provide records responsive to your request would be manual and very time consuming. Please advise if you would like an estimate for a staff person's time to retrieve the data, or if you would like to revise your request.

Please do not hesitate to contact me with concerns.
